AUDITORS' REPORT

**THE MEMBERS,
AJMERA BIOFUEL LIMITED,
MUMBAI.**

1. Report on the Financial Statements

We have audited the accompanying financial statements of "AJMERA BIOFUEL LIMITED", which comprise the Balance Sheet as at March 31, 2014, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

2. Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards *referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the general circular 15/2013 dated September 13, 2013 of the ministry of corporate affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014

AJMERA BIOFUEL LIMITED (2013-2014)

- b) in the case of the Profit and Loss Account, of the profit/ loss for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

5. Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

As required by section 227(3) of the Act, we report that:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- c) the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account ;
- d) in our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956;
- e) on the basis of written representations received from the directors as on March 31, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
- f) Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company.

ANNEXURE REFERRED TO IN PARA 3 OF OUR REPORT OF EVEN DATE

- i. In respect of Company's Fixed Assets:
 - a. The Company has maintained proper records showing full particulars including quantitative details and situations of the Fixed Assets.
 - b. The Fixed assets have been physically verified by the management at reasonable intervals, no material discrepancies have been noticed on such physical verification as compared to the book records.
 - c. No substantial part of fixed assets has been disposed off during the previous year, which affected the going concern status of the Company.
- ii. The Company does not have inventories; hence, question of maintenance of proper records, their physical verification and discrepancies does not arise.
- iii. (1) The Company has not granted any loans to any entity covered in the register maintained under Section 301 of the Act.
(2) In respect of the loan taken by the company from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956.
 - a. The Company has taken Interest free loans from holding Company. In respect of the said loans, the maximum outstanding during the year and the year end balance is Rs 1200.09 Lacs.
 - b. In our opinion and according to the information and explanations given to us, and other terms and conditions of the loans given by the company, are not prima facie prejudicial to the interest of the company
 - c. The principal amount are repayable on demand and there is no repayment schedule.
 - d. In respect of the said loans, the same are repayable on demand and therefore the question of overdue amounts does not arise
- iv. In our opinion and according to the information and explanations given to us, the Company has an adequate internal control procedure commensurate with the size of the Company and nature of its business.
- v. On the basis of information and explanations given to us, there are no transactions made which need to be entered into register to be maintained in pursuance of section 301 of the Companies Act, 1956 in accordance with Paragraph 4(v)(a) and consequently question of reasonable price in respect of such transaction regards to the prevailing market price does not arise in accordance with Paragraph 4(v)(b).
- vi. The Company has not accepted any deposits from public within the meaning of Section 58A and Section 58AA of the Companies Act, 1956 and rules framed there under.
- vii. The paid up capital of the company is less than Rs.50 lacs and an average annual turnover is less than Rs.5 crore, hence internal audit system is not applicable

AJMERA BIOFUEL LIMITED (2013-2014)

- viii. The Company is not required to maintain cost accounting records under section 209 (1) (d) of the Companies Act, 1956.
- ix. According to the information and explanations given to us in respect of statutory and other dues:
- a. The Company is regular in depositing undisputed statutory dues including Income tax, Sales tax, Wealth tax, Cess and any other statutory dues with the appropriate authorities.
- b. The Company does not have any disputed outstanding dues in respect of sales tax / income tax / wealth tax / custom duty / excise duty and cess.
- x. Accumulated loss at the end of financial year is less than fifty percent of the net worth of the Company. The Company has not prepared Profit and Loss Account for current year as well as immediately preceding financial year hence there is no cash loss for both the years.
- xi. According to the information and explanations given to us, the Company has not defaulted in repayment of dues to a financial institution or bank. The Company has not issued any debentures, therefore the question of default in repayment does not arise.
- xii. The Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and/or other security.
- xiii. The Company is not covered under any provisions of special statute applicable to chit fund.
- xiv. According to the information and explanations given to us, the company is not dealing or trading in shares, securities, debentures and other investments.
- xv. According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- xvi. To the best of our knowledge and belief and according to the information and explanations given to us, the Company has not availed any term loans during the year.
- xvii. The funds raised on short-term basis have not been used during the year for long term investment or vice versa.
- xviii. The Company has not made any preferential allotment during the year.
- xix. The Company has not issued any debentures and hence not required to create any security

AJMERA BIOFUEL LIMITED (2013-2014)

- xx. The Company has not raised any money by public issue during the year.
- xxi. To the best of our knowledge and belief and according to the information and explanations given to us, no fraud on or by the Company was noticed or reported during the year.

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

Notes forming part of Financial Statements for the Year ended 31st March, 2014

Notes to Accounts

1. Corporate information

Ajmera Biofuel Limited is a Public Limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The company is engaged in production of renewable energy.

2. Significant Accounting Policy

a Basis of preparation

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 1956 read with the general circular 15/2013 dated September 13, 2013 of the ministry of corporate affairs in respect of section 133 of the Companies Act, 2013. These financial statements have been prepared on an accrual basis and under the historical cost of convention.

b. Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these adjustments are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c. Current and Non Current Classification

An asset is classified as current when it satisfies any of the following criteria :

A handwritten signature in black ink, appearing to be 'V. Parekh', written over a horizontal line.

AJMERA BIOFUEL LIMITED

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

iii. It is expected to be realized/ due to be settled within 12 months after the reporting date

or

iv. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date or

v. The company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

All other assets and liabilities are classified as non current

d. Tangible Fixed Assets

Fixed assets, are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent expenditure related to an item of fixed is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred. Gains or losses arising from de recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

e Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred. Cost comprises the purchase price and any attributable cost of bringing the assets to its working condition for its intended use. Gains or losses arising from de recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

A handwritten signature in black ink, consisting of stylized initials and a surname.

AJMERA BIOFUEL LIMITED

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

f. Depreciation and Amortization

"Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the schedule XIV to the companies Act, 1956. Whichever is higher.

Intangible assets are amortized on a straight line basis over the estimated useful economics life"

g. Impairment of Tangible and Intangible Assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generated units (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining net selling price, recent market transaction is taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

h. Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange difference arising from currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur

A handwritten signature in black ink, appearing to be 'J. P. A.', written over a horizontal line.

AJMERA BIOFUEL LIMITED

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

i Investments

"Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investment.

On initial recognized, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued.

Current investments are carried in the financial statement at lower of cost and fair value determined on an individual investment basis. Long-term investment is carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investment.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

j. Revenue Recognition

Income is recognized when no significant uncertainty as to measurability or collectability exists and when the owners right to receive payment is established.

ii. Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

iii. Dividend Income

Dividend income is recognized with the company's right to receive dividend is established by the reporting date.

iv. Other Income

Other Income is accounted on accrual basis

I Foreign Currency Transactions

"Foreign currency transaction are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

A handwritten signature in black ink, appearing to be 'V. Parekh', with a horizontal line underneath.

AJMERA BIOFUEL LIMITED

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences

- i. Exchange difference arising on a monetary item that, in substance forms part of the company's net investment in a non-integral foreign operation is accumulated in the foreign currency translation reserve until the disposal of the net investment. On the disposal of such net investment, the cumulative amount of the exchange differences which have been deferred and which relates to that investment is recognized as income or as expenses in the same period in which the gain or loss on disposal is recognized.
- ii. Exchange difference arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset. For this purpose, the company treats a foreign monetary item as "long-term foreign currency monetary items", if it has a term of 12 months or more at the date of its origination.
- iii. Exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign Currency Monetary Translation Difference Account" and amortized over the remaining life of the concerned monetary item.
- iv. All other exchange differences are recognized as income or as expenses in the period in which they arise.

m Retirement and Employee Benefits

"Retirement benefit in the form of provident fund is a defined contribution scheme. The contribution to the provident fund is charged to the statement of profit and loss for the year when the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

The company operates two defined benefit plans for its employee, viz., gratuity and post employment medical benefit liability. The costs of providing benefits under these plans are determined on the basis actuarial valuation at each year-end. Separate actuarial valuation

Handwritten signature and initials, possibly "GSA 1".

AJMERA BIOFUEL LIMITED

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

is carried out for each plan using the projected unit credit method. Actuarial gains and losses for both defined plans are recognized in full in the period in which they occur in the statement of profit and loss.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short - term employee benefit. The company measures the expected cost of such absences as the additional amount that is except to pay as a result of the unused entitlement that has accumulated at the reporting date.

The company treats accumulated leave excepted to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

n **Income Taxes**

"Tax expenses comprise current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted ay the reporting date. Deferred income tax relating to items recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situation where the company has unabsorbed or carry

A handwritten signature in black ink, appearing to be 'D. A.', located to the right of the stamp.

AJMERA BIOFUEL LIMITED

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

In the situation where the company is entitled to a tax holiday under the income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdiction where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which after the tax holiday is recognized in the year in which the timing differences originate. "

"However , the restrict recognition of deferred tax assets to the extent that it has become reasonable certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax can be realized. For recognition of deferred taxes, the timing difference which originates first is considered to reverse first.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognized unrecognized deferred asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that is no longer reasonably certain or virtually certain , as the case may be , that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such written-down is reserved to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specific period, i. e, the period for which MAT credit is allowed to be carried forward. In the year in which the company recognize MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the

A handwritten signature in black ink, appearing to be 'D. D.' followed by a flourish.

AJMERA BIOFUEL LIMITED

Notes forming part of Financial Statements for the Year ended 31st March, 2014.

income -tax Act,1961,the said is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement."

The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

o Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split, and reserve share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

p Provisions

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

q Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability
